Wilkes-Barre, PA 18711

DO YOU KEEP YOUR LEGS "UNDER COVER" BECAUSE OF VARICOSE VEINS?

**YOU MAY NOT HAVE TO
CALL GEISINGER FOR AN APPOINTMENT TODAY**

Varicose veins can be painful and unsightly. But you may not have to live with them. For many patients, Geisinger physicians can use VNUS® Closure® – a clinically proven, minimally invasive procedure that treats varicose veins and their underlying cause, venous reflux, with little or no pain. Closure patients can walk away from the vein procedure and be back to everyday activities – either at home or at work – typically within a day. At Geisinger Wyoming Valley, the shared knowledge and expertise of more than 600 physicians means better ideas for caring for you and your loved ones. Now that's peace of mind.

*P.S. Now's the time to have your varicose veins treated...
just in time for the summer!*

To learn more about how Geisinger doctors treat varicose veins, visit our website: http://www.geisinger.org/services/vascular_surg/closure or call 570-820-6000 for an appointment to see if VNUS® Closure® is right for you.
